away. It is not clear what was the nature of conversation or whether the gentleman wanted any special preferment or in the deptt. Albany rate. There is no written application by the gentleman and his contention that he offered himself for service does not appear to be legally tenable under the circumstances of the case.

(He admits that he gave no written application)

82 Another objection of the gentleman is that he received scholarship only for 2 years and ten months and that it is only men who have received scholarship for five years that are bound to serve. This is also not tenable; at the time, he took scholarship he bound himself to report for duty to the Govt. and he has failed to carry this out. Hence he was legally bound to report his arrival and offer his services to Govt. which he did not do.

83 The records also disclose that the man had perhaps no intention of keeping to the terms of the bond he executed. He took the M. B. B. S degree

It may have been only a personal interview of a general nature. The man if he were keen on getting in to service would not have kept quiet without even telephoning.

84 The gentleman appears to be in good circumstances and in all fairness, he should raise no objection to pay back the money. The Law-dept thinks that there is a good case for recovery of the amount.

85 Govt. have recently passed an order that such persons should be offered places within six months. Of course this rule does not apply to his case, as this order had not been passed then. It may also be suggested that even if the offer of services of this man at the close of

He brings in general remarks as to why some people were left free. Each case may have been dealt with on its merits and this contention is beside the point in issue.

87 It is for consideration whether legal steps should be taken for recovery of the amount on the matter drawn.

88 There probably is a good enough case against Mr Narayanaswamy. But as pointed out by the member, the issue is whether Narayanaswamy was office at the time. From the record there is nothing to show that he was. The charge against N. Rao is that he did not report himself to the S.S. after he took the degree. Obviously there is no office to which he could report himself. Perhaps the matter may be placed before the Hon'ble Members. RB 27/5

As I have already personally represented the facts of my case during the interview you were kind enough to give me on 16th. March 1926, I beg to state that, as soon as the Medical College results were published in Bombay, by the Bombay University in July 1914, I returned to Bangalore and personally reported myself to the Inspector-General of Education and the Senior Surgeon. Between the time of my qualifying and the time of my accepting a temporary service under the Imperial Government, there was an interval of 16 months, during which period I made several personal applications to the Senior Surgeon for an Assistant Surgeon's post and had interview with the then Dewan Saheb and the Members of the Council; my well wishers and relations Messrs. H. Narasinga Rao, Advocate, Mysore,

and

and Rajasabhabhushana Karpur Srinivasa Rao, Retired Chief Engineer, also tried their influence with the Members of the Government and the Senior Surgeon to secure an appointment for me; and I had also applied for a Foreign Scholarship to enable me to study Higher Medicine, which was not granted. All these efforts having failed, I decided, during the last week of October 1915, to accept a Temporary Commission in the I. M. S., which was offered to me as long ago as November 1914. That I had a continuous desire to be a member of the Mysore Medical Service is further shown by the fact that I made a second request in April 1918 for a Scholarship to enable me to study for the F. R. C. S. Examination of Edinborough with Ophthalmology as special subject, and in December 1918 I received a reply stating that no Scholarship was available.

These facts go to show clearly that I have never violated, nor attempted to violate, the terms of my Agreement. I have in me still a desire to serve the Government of His Highness the Maharaja of Mysore in an Honorary capacity on the teaching staff of the Medical College and Hospital, where a number of assistants to the Professors and Clinicians will be required in the near future, and I shall feel very grateful to you, Sir, if you in the dual capacity of the Senior Surgeon and Dean of the Medical Faculty, can recommend my case to the Government for favourable consideration. The independent Medical Profession will also feel highly encouraged if the Members of that profession are given opportunities to associate themselves with the staff of the College and

the

the Hospital, and keep themselves informed of the recent advances in Medical Science. Should it please you, Sir, you may utilise my services as a part time School Medical Officer on an honorarium of Rs.100/- per mensem.

From C. nagesa Rao MBBS., DPH.

Sir,

With reference to your letter dated 23rd April 1926, regarding the refund of the scholarship amount Rs 850/ received by me from the Mysore Government, I have the honour to state the following in continuation of my last letter for favour of your reconsideration.

1). I admit that there is no record in your office that I applied for an appointment under the Mysore Government between September 1923 and March 1924. All the same the fact remains as I have already mentioned in my last letter, that I personally applied for an appointment by approaching the then Senior Surgeon of the Mysore Government Dr Nyavaganam FRCSEng at Tumkur. As I was not given any hopes of an appointment by the above officer, the Head of the department, I did not send a written application to the office.

2). I took the MBBS degree in 1920 and I was a scholarship holder till 1919; moreover I had not received the scholarship for a period of five years continuously, which period is the minimum period of study for the MBBS degree and the usual period for which the Government grants a scholarship to a person who is expected to serve the Government after the completion of his course of study.

P.T.O.

MSK 8.7.26

the Madras government, in 1920, instead of immediately reporting myself before the Mysore Government, as I was not a scholarship holder since 1919. Prior to me my seniors, who were scholarship holders for a longer period than myself had accepted temporary commissions, in the army instead of directly returning to the Mysore Government after the completion of their MBBS. course for which they got the scholarship. I joined the civil department, as a temporary I.M.S Commission was not available then.

The Mysore Government never raised any objection then for my not returning to Government.

After the termination of my temporary appointment, and my courses of study at the School of Tropical medicine and Hygiene Calcutta, I have approached the Senior Surgeon of the Mysore Government for an appointment which was refused.

The objection that I did not chose to return to Government, has been raised for the first time just now i.e. six years after I took the MBBS. degree.

I have spent lot of money and energy to enhance my professional abilities in this period of six years 1920-1926

I have already expressed my willingness to serve under the Mysore Government, ~~even~~ even now if a suitable appointment is offered to me.

The question of refund only arises if I have ever refused to serve under the Mysore Government.

I have the honour to be
Sir,
your most obedient servant
C. Nagesa Rao.

Letter No. C.1753-[illegible] of 22-23, dated [illegible]

Senior Surgeon in Mysore, Bangalore, to Mr. C. Nagesha Rao, M.B. B.S.,D.P.H., Medical Practitioner, Muthwada, Warangal (H.E.H. Dominions).

With reference to your letter dated nil, received in this office on the 10th April 1926, regarding the refund of the scholarship amount (Rs 850/-) received by you from this Government I have the honour to state that the there is nothing on record to show that you applied to this office for a post between September 1923 and March 1924. Further, according to your bond you had to report yourself for service as soon as you qualified for the Degree (i.e., M.B.B.S.,) for which you obtained the scholarship and not after termination of your appointment in foreign service which you were not free to enter and when you found yourself actually thrown out of employment. Your obligation to refund the amount referred to therefore holds good.

Mr. Y. N. Krishnamurthi. This scholar who was granted a scholarship for the M. B. B. S., of Bombay, in the G. O. of 23-3-11, referred to above, passed the examination and applied to Government direct for an appointment. His case was referred to this office in letter No. 3617/Med.8-15-17, dated 15-11-15, and No. 1110/Med.8-15-41, dated 5-8-16. In the latter reference it was asked what appointment would be given to him if he should offer his services. In reply it was reported that the scholar could only be offered the post of a Ist class Sub Assistant Surgeon. No further orders were received on this subject. It may be added that the Government was aware of the fact that the scholar, although bound to serve

the State, had applied for and secured a temporary commission in the Inidan Medical Service. In this case also there does not seem to be any room for action to enforce the terms of agreement.

Sir,

In continuation of this office No.C.1753-37 of 22-23, dated 25/5/26, I have the honor to forward for favour of orders the copy of letter dated nil, received from Mr.Mahomed Dustagir, now Probationary Sub-Inspector of Police requesting that he may be excused from refunding the sum of Rs.496/- due by him in the shape of scholarship, on the ground that he failed in the first year examination on account of illness and had to finally quit Bombay and his studies there on medical advice. He is also serving Government though in another Department, perhaps better suited to his temperament and training.

I have the honor to be,
Sir,
Your most obedient servant,

SRA.

SENIOR SURGEON.

Letter from Mr. Mahomed Dustgir, Prob. Sub Inspector of Police, Nazarbad Main Road, Nazarbad, Mysore, to the Senior Surgeon in Mysore, Bangalore.

Your letter No.C. 1753- of 22-23, dated31st July 1926, addressed to the Office of the Assistant Superintendent, of Police, Bangalore City, reached me on the 5th instant being redirected to Mysore. In reply I beg to say that I had already submitted my humble explanation to your Memorandum No. 1753 -13 of 22-23, dated 4th December 1924, in the same month, appealing to your kindness in excusing the amount, after placing the true facts before you.

Once again I must humbly beg leave to place before you, the following facts for your kind consideration and favourable sanction.

I was studying in the Grant-Medical College from June 1921 to October 1922, but I had to give up my studies due to the fact of the following natural circumstances which I could not overcome

1. I had stayed in Bombay from 1917 studying in the school and the College for intermediate and was a constant victim to malaria having stayed long in Bombay. I appeared for the Preliminary Scientific Examination in April 1922, when I was suffering from an attack of Malaria, and passed out in Physics and Biology and Chemistry practical but failed in Chemistry-theory by a few marks. It was due to my illness, just at the time of the examination. The Dean of the Grant Medical College was aware of my illness then.

2. I again sent up in October 1922 for the same examination but just before the Examination, as my bad luck would have it, I was again laid down by Malaria, and an acute from of dysentery. This took me about two months to recover and meanwhile having stayed in Bombay for about six years and without healthy food, my lungs affected and the Doctors who were treating me, advised to quit Bombay for some time. The Dean was aware of these facts. Hence I left, Bombay hoping to return after some rest, to continue my studies. I came down to Mysore and was under the treatment of Hakim Mahomed Ghouse of Mysore, Hence I could not appear again in April 1923.

3. The Bombay University by this time had made certain changes in consequence of which I had to pass Inter-Science, instead of Preliminary Scientific for admission to 2nd year M.B.B.S., which I had to study from the beginning. Due to my pecuniary circumstances, I could not afford to stop in Bombay for another complete year to study, and the fear of my shattering my constitution completely, I stayed back.

4. Just then my venerable father fell sick and was an inpatient in the Krishnarajendra Hospital for @ 2½ months under your own able treatment. It took him nearly five months to reover. As there was none to attend on him, I was obliged to stay and attend on him as a son to his parents.

Sir, with the above causes before you, I beg to say that it was not due to my willful neglect of my studies or due to any other reason which I could help that I was obliged to discontinue, but circmstanceses which were natural in themselves and which no human being could avoid creeping in his career that forced him to give up the study of the noble profession and seek services.

I am only a probationary Sub Inspector of Police drawing Rs.31 per month and with no other source of income have to maintain a family. Hence under these poor circumstances mine I appeal to your mercy to consider my case and the servides of my father to the State and exeuse the amount due from me. For this act of kindness and a charitable one, I shall ever remain grateful to the Governnment of Mysore and to yonr benevolent Sir,

I beg to remain, Sir,

Your most obedient Servant,

Sir,

In continuation of this office No. C. 1753-37, of 22-23 dated 25th May 1926, I have the honor to forward for favour of orders an extract from letter No. 927/26-dated 7th September 1926 received from Cap. A. J. D'Souza through the Director-General, Indian Medical Service, regarding the refund of the sum of Rs.1,080/- received by him as scholarship. There is nothing on record in this office to show that Capt. D'Zouza had seen the Senior Surgeon before proceeding to England in 1920 when he was working in the station Hospital I may also add that the career of Medical scholars

was entirely under the watch of the Inspector-General of Education till the same was transferred to the Senior Surgeon by Government Order No. 3470-520, Edn. 154-20-21, dated 24th March 1922.

I have the honour to be,

Letter No. 927/26 of 7th September 1926 from Capt. A.J. D'Souza, M.C., I.M.S., Civil Surgeon, Cochin, to the Director-General, Indian Medical Service, Simla, through the Surgeon General with the Government of Madras, Madras.

I have the honour to state that I was in receipt of the Scholarship and that I executed the agreement as stated by the Senior Surgeon with the Government of Mysore in his letter No. C.1753-41, of 22-23, dated the 31st July 1926, After taking the L.M.S. degree in 1913, I proceeded to England to obtain higher qualifications and I personally saw the Senior Surgeon before I left for England. When the Great War broke out, I volunteered my services from London and served as a temporary Officer in the I.M.S. till November 1920 after which date I was taken on permanently in the Service.

When I was posted to the Indian Station Hospital, Bangalore, in 1920, The Senior Surgeon was well aware that I was serving in the I.M.S. and no question of refund of the Scholarship was then raised. War services are recognised by the whole of the British Empire and the prvious Senior Surgeons seem to adopt the same principle; otherwise I would have been asked to refund the amount long before this ~~time~~ time, and they were fully cognisant of the fact that I was entertained in the I.M.S since the beginning of the Great War. The present Senior Surgeon appears to ignore the fact that serving the Empire in a grave National emergency is at least as dutiful as serving the Mysore State in return for the Scholarship.

Sir,

In reply to your letter No.G.5813, Med. 9-25-48, dated the 29th November 1926, I have the honour to state that the fact that Capt A.J.D'Souza volunteered his services and served as a temporary Officer in the Indian Military Service till November 1920 does not absolve him from his legal contract with the Mysore Government and his consequent liability to refund the amount advanced towards his medical education. Against all his arguments there is outstanding fact that he [redacted] omitted to report

I have the honour to state that I was in receipt of the stipend referred to and that I executed an agreement as far back as 8th August 1910. After passing out of the Medical College, I proceeded to England for higher qualifications. Before sailing I interviewed the then Senior Surgeon to the Government of Mysore and he did not express the opinion that I should take up service in the Mysore Government immediately. When I took my qualification in England, the Great War broke out in 1914 and I joined the Indian Medical Service in which I have served ever since. I was attached to the Indian Station Hospital, Bangalore for duty in 1920 and the Senior Surgeon did not raise any question of refund of the scholarship. The Senior Surgeons were aware of the fact that I had joined the I.M.S. during the War through my brother who is now

now Revenue Commissioner to the Government of Mysore. War service in the Great War is recognised over the whole of the British Empire and the previous Senior Surgeons seem to have been of the same opinion, otherwise I should have been asked to refund the amount long before this. It seems to me unfair that loyal service rendered in time of grave National emergency should be ignored and that this amount should be claimed after a lapse of over 13 years.

I therefore request that you will kindly forward this statement with your remarks to the Hon'ble the Resident in Mysore for his favourable consideration and decision.
